

## The 1993 Fritz London Memorial Prize Winners

Dennis Greywall, (Bell Telephone Laboratories, USA)

<http://www.linkedin.com/pub/dennis-s-greywall/31/3b6/141>

Citation:

“For his precise and elegant studies of the helium isotopes at very low temperatures, including his work on sound propagation in single crystals of solid helium, his determination of the millikelvin temperature scale and his pioneering work on two-dimensional  $^3\text{He}$  and  $^4\text{He}$ .”
